Truly Wire-Free WiFi Outdoor Rechargeable Security Camera

Work cable-free with rechargeable battery and reliable WiFi connection. Flexible and weatherproof - you can put it anywhere with 5-minutes installation.

Check out who coming in 1080p Full HD. Use two-way audio to welcome guests, talk with mailmen or scare off would-be burglars.

See live feed anytime from anywhere to make sure your kids or pets are safe when playing in the backyard.

Receive instant alerts when the suspicious person is approaching your car.

Eco Friendly and Cost-Saving Flexible Powering Options: Rechargeable Battery or Solar Powered

Rechargeable Battery-Powered

Powered by a high-capacity rechargeable battery, Argus Eco can work independently without being plugged in. You can put it anywhere you want. Wire-free, so worry-free.

Day & Night in 1080p Full HD

Argus Eco, with the high resolution of 1920 x 1080, guarantees the sharper and smoother video streaming than 720p cameras. It looks after your kids, watches over your car or captures people in the front door in rich details and great vividness. It doesn't rest when you sleep. Infrared LED illuminated up to 33 feet for stunning night vision.
