## Unlocking Remote (Optional)

Within the signal reception range, you can unlock the door with just one click. No need to open the door in person, which is convenient and fast.

## High Strength Waterproof, Sun & Rainproof

Engineering sealing treatment effectively prevents rain/cold/high temperature interference and better protects the service life of the fingerprint head.

### Security lockout

Key pad or fingerprint access is disabled after several incorrect entries to ensure your property is always secure.

### Tamper alert

The mortise will sound an alarm if it is being pried from the door to alert and deter potential tampering attempts.

### Masking security code

Heighten security and throw off onlookers by entering random digits before your actual PIN code.

### Auto relock

The mortise automatically relocks once the door is shut to give you a greater peace of mind.

### Share access

Create entry codes and virtual keys to share with people your trust.

### Control from everywhere

Lock, unlock, share access, see who comes and goes & more using your app from anywhere.

### Emergency jump-start

Easily jump-start the mortise with a power bank as an emergency measure if batteries are drained.

### Volume control

Volume is adjustable to your preference. Select from low, medium and high.
