## VG1

10-Zone Security System

# “EZ-P” ALARM SYSTEM by ViVOS

## “EZ-P” Setup

Designed for all generation. With “EZ-P” (Easy-Programming) technique, everyone can configure the system during start-up without hassle.

## Alarm Can Speak

The system will call the user informing of the triggered alarm zone with current status of the alarm. The unique designed of the voice guiding will help you through the entire process.

## Minimize False Alarm

ViVOS is engineered to minimize false alarm by implementing sensitivity adjustment such as zone response and smart zone features.

## Module Expandable

ViVOS-VG1 is simple expansion module installation friendly & effortless. Changing of alarm panels or hardware for expansion module is optional.

1) "EZ-P" Setup. Only required 4 set of data during system startup, i.e.:

i. Master Code

ii. User 1 x Telephone Number

for your *peacefulness.*

Designed by *ViVOS*

VG1 is a highly sophisticated home security alarm system uses advanced engineering technology. ViVOS innovate new technique, which has high integration, good reliability, advanced technology, mightiness function and "EZ-P" (Eazy Programming) technique.

## Technical Information

Power Supply	AC input (16.5 VAC, 3A Customized Transformer by ViVOS)
Standby Current	Max (90mA)
Backup Battery	12Vdc, 7AH SLA Rechargeable Battery
Strobe Light Output	Max 1A (12Vdc)
Siren 1 Output	Max 2A (12Vdc)
Siren 2 Output	Max 1A (12Vdc)
Auxiliary Output	Max 2A (12Vdc)
LCD Display	16x2 character LCD display with yellow-green backlight.
Keypad Dimensions	(L) 125mm x (W) 100mm x (H) 28.5mm
Metal Casing	(L) 290mm x (W) 280mm x (D) 76mm
System Reset Button	Mainboard System Restart
System Indicator Output	Max 100mA (12Vdc)
Dedicated Input	Remote Arming and Disarming
Communication Format	Digital ViVOS proprietary and contact ID (CMS).
