

AH600

SPECIFICATION

AH300 / AH600 / AH1200

- Light and strong aluminium armature
- Multiple fixing holes for holding strength
- Supplied with fixing screws and armature securing bolt
- Removes the need to drill through the door

The armature housing has been designed and fire tested to ensure that it retains the integrity of the fire door after installation.

It does this by removing the requirement to drill through the door to install the armature plate.
