

VIRTUO AG-VT-M2 MARK 2 MOTOR FLODING & SWING GATE

KEY FEATURES

- Long life spend wih solid coated gearbox base
- Dual power for powering the gate motors
- Intelligence system with self calibration for smooth operating of auto gate.

TECHNICAL INFORMATION

Model	AG-VT-M2
Power Supply	AC220-240V
Motor Power Supply	14-18 VDC
Max. Gate Weight (Per Leaf)	300kg
Max. Gate Width (Per Leaf)	4.0m
Output Store Speed	10-15m/s
Max. Opening Angle	85° to 110°C
Operating Temperature	-10° to 80°C
Degree of Protection	IP67
Manual Option	Release key during power failure

Easy release in case of system failure.
