

# VLOCK VL-600-EM-A ELECTROMAGNETIC 600LBS

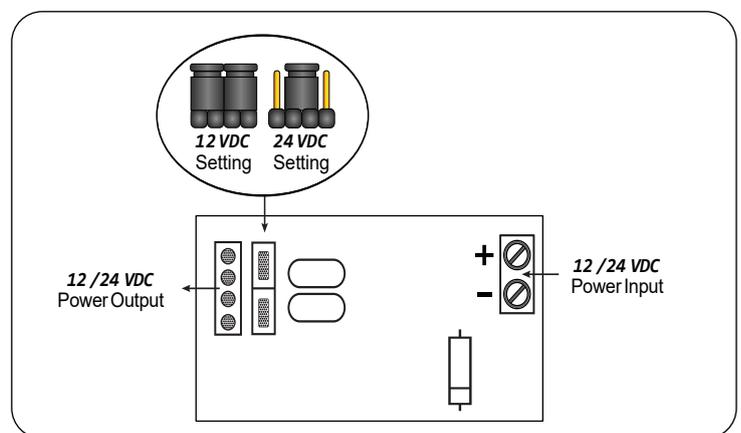

## Feature

- Dual voltage selectable (12 VDC / 24 VDC)
- Low current consumption
- Reliable holding force
- Durable & silence operation
- Cosmeticize anodized aluminum casing
- Surge & spike protection PCB
- Anti-temper jam nuts
- Full range of optional brackets
- Anti residual magnetism kick off button

## Standard Feature

Item	Description
<b>Model</b>	VL-600-EM-A
<b>Holding</b>	Up to 600lbs (272kg)
<b>Voltage</b>	DC 12V
<b>Current Draw</b>	12V 0.48A
<b>Weight</b>	1.8kg
<b>Magnet Size</b>	250 x 42 x 25 mm
<b>Armature Featured</b>	180 x 38 x 11 mm

### IMPORTANT !

Set the jumper position according to the power input correctly before switch **ON** the power.
