

VS-301

Sliding Auto Gate

Nylon Gear Rack

Product Features

Model	VS-301 Ethecs Sliding Auto Gate
Motor Power Supply	AC220-240V, 5Hz, Single phase
Operating Voltage	DC24V for normal speed DC12V for slow speed
Motor Type	Oil baste gear motor
Motor Rotation Speed	3000 rpm
Operation Amb. Tem.	-20°C to 80°C
Power Absorb	150watts
Max. Gate Weight	600kg force adjustable
Gate Speed	15m/min
Safety Clutch	Electronic counter technology a reverse
Protection Class	IP24
Remote Control	2Ch , 330 MHz UHF
Manual Over-ride	Special release key for power failure
Gear Rack	Nylon Gear
